

2009 marks the 20th Anniversary of the Social Planning Council of Cambridge and North Dumfries.

To celebrate this milestone in the organization's history we present a new and refreshed 'Community Trends Package 2009.' Over the past 20 years the SPCCND has evolved and is a recognized leader and partner in addressing ongoing and emerging social justice issues within the Cambridge and surrounding communities. We look forward to the dialogue, planning and action these publications will inspire.

Sign Posts 2009 – Annual Snapshot of Local Trends

- Indicators selected from the Community Trends Report 2008/2009 represent five interconnected key trends in Cambridge and North Dumfries communities
- Economy, Food Security, Health, Housing and Education highlight the areas of ongoing and emerging issues of critical importance for residents, community agencies, businesses, government planners and decision-makers
- Working collectively we believe that both challenges and opportunities can be addressed and the future quality of life can be improved for all residents of Cambridge and North Dumfries

Community Social Profile 2009 – A Geographic Social Map of Our Community

- The SPCCND is one of fourteen Social Planning Councils (SPCs) participating in the Ontario Social Landscape Community Profile project funded by the Ontario Trillium Foundation.
- The purpose of this social profile is to identify current (2006) and historical (1996 - 2006) social and demographic trends that are taking place in the communities of Cambridge and North Dumfries, and to discuss the implications of these trends for the community.
- This document provides a resource for basic statistical and demographic data that can be used as the foundation for organizational and program planning and development, policy analysis, and community development.
